

Referral Attribution System

LAGNAF™ Network LLC | AUTOAPPEAL™ | Phase 2 Completion Package

Rule

Referral attribution must preserve submitted source code, Brand Ambassador code, DOTCard™ code, campaign source, and timestamp where applicable.

90-Day Window Standard

The 90-day period is the referral submission and system-loading window. It does not require a transaction to close within 90 days. Qualified referrals submitted during the window remain coded to the submitting source according to approved program rules.
